Architosh AEC CAD IT Survey Report 2002 Publication

Product

Architosh AEC CAD IT Survey Report - 2002

The AEC CAD IT Survey Report is a printed, color and black and white, 8.5 x 11, document with a wired ring bounding and clear protective cover front and back. Over 50 pages long and with dozens of charts illustrating the survey data, the document provides organized access to key IT information affecting the Macintosh, Windows, and Mixed-Platform professional in a variety of AEC and related CAD industries.
